

2020 Lake Links Workshop **“Effective Engagement for Positive Action”**

Saturday, October 24, 2020, 10am-12pm

Online

About the 19th Annual Lake Links Workshop

At this year’s workshop, learn about opportunities to engage those living in your community, especially in a time of physical distancing and online program delivery. A handout will be circulated after the workshop to highlight projects local lake associations have initiated in the past few years. As well, you will meet the 3rd recipient of the Gord Rodgers Memorial Award.

Overview

Since 2002, Lake Links has allowed lake associations and other volunteer groups in Eastern Ontario to come together with government and non-government agencies to listen to speakers, share information, and address common lake and river issues that matter most to our communities. This one-day workshop is held every October, typically in Perth, Ontario. Due to current health guidelines and the safety of attendees, this year’s workshop will take place exclusively online and is open to anyone across Ontario.
