

Wine & Water

A wine tasting event in support of Watersheds Canada

Join us for an exquisite afternoon of fine Ontario wines and delectable charcuterie at Viamede Resort, all in support of freshwater protection. This intimate wine tasting will be led by distinguished wine critic, Leah Spooner, who will guide you through a curated selection of local wines, each paired with artisanal charcuterie to enhance your tasting experience. As you savour the flavours and enjoy the serene lakeside views, you will be contributing to a vital cause—ensuring clean, healthy freshwater!
